# Safety Data Sheet

# 1. Identification

Product Information: 31900029

Family: 509

Product Name: KLASS SINGLE STAGE AQ

Recommended Use: Painting / Coating

SUR QUIMICA S.A.

Supplied by/Manufacturer: Calle 38, contiguo al Cementerio La Uruca.

San José, Costa Rica, Centroamérica Tel Información: (506) 2211-3700,

Fax: (506) 2256-0690

Emergency Telephone: CHEMTREC: 1-800-424-9300

INTERNATIONAL: (506) 2211-3911

Safety Data Sheet Coordinator: sds@gruposur.com

## 2. Hazards Identification

#### **GHS Classification**

Eye Irrit. 2A, Flam. Liq. 4, Skin Irrit. 2

## Symbol(s) of Product

Signal Word Warning

# **GHS HAZARD STATEMENTS**

Flammable Liquid, category 4 H227 Combustible liquid
Skin Irritation, category 2 H315 Causes skin irritation.

Eye Irritation, category 2A H319 Causes serious eye irritation.

## **GHS LABEL PRECAUTIONARY STATEMENTS**

P210 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No

smoking.

P264 Wash skin thoroughly after handling.

P280 Wear protective gloves/protective clothing/eye protection/face protection.

P302+P352 IF ON SKIN: Wash with plenty of soap and water.

P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if

present and easy to do. Continue rinsing.

P321 Specific treatment (see FIRST AIDS on this sheet).
P332+P313 If skin irritation occurs: Get medical advice/attention.
P337+P313 If eye irritation persists: Get medical advice/attention.
P362+P364 Take off contaminated clothing and wash it before reuse.
P370+P378 In case of fire: Use materials indicated in Section 5 to extinguish.

P403+P235 Store in a well-ventilated place. Keep cool.

P501 Remove the contents / container according to the General Regulation for the

Classification and Management of Hazardous Waste No. 41527-S-MINAE (Applies to Costa Rica). Dispose of contents/container in accordance with local/regional/national/

international regulations.

# 3. Composition/Information on Ingredients

Chemical NameCAS-No.Wt. %GHS SymbolsGHS Statements2-diethyl amino ethanol100-37-81.0-2.5GHS02-GHS05-<br/>GHS06H226-302-314-331

1-butoxy-2-propano 5131-66-8 1.0-2.5 GHS07 H315-319

The text for GHS Hazard Statements shown above (if any) is given in the "Other information" Section.

# 4. First-aid Measures

**FIRST AID - INHALATION:** Artificial respiration and/or oxygen may be necessary. Keep the victim calm. Ensure that medical personnel are aware of the materials involved and take precautions to protect themselves. Oxygen or artificial respiration if needed. If inhaled, remove to fresh air. Give oxygen if necessary. Consult a physician if symptoms persist or exposure is severe.

**FIRST AID - SKIN CONTACT:** In case of skin contact, wash immediately with plenty of water for at least 20 minutes. Persistent skin irritation may be treated with topical applications of anaesthetic ointments. Wash off immediately with plenty of water for at least 15 minutes. In case of burns, immediately wash skin with cold water. Seek medical advice. Do not remove clothes stick to the skin. Seek medical advice.

FIRST AID - EYE CONTACT: In the case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

**FIRST AID - INGESTION:** If ingested, do not induce vomiting. If conscious, drink 8-10 oz. of water promptly. Call a physician immediately.

# 5. Fire-fighting Measures

**UNUSUAL FIRE AND EXPLOSION HAZARDS:** Combustible liquid. At elevated temperatures, vapors can form an ignitable mixture with air. Vapors can flow along surfaces to distant ignition sources and flash back.

**SPECIAL FIREFIGHTING PROCEDURES:** Do not use a solid water stream as it may scatter and spread fire. Move containers from fire area if you can do it without risk. All these products have a very low flash point: Use of water spray when fighting fire may be inefficient. Use a self-contained breathing apparatus with full facepiece operated in pressure-demand or other positive pressure mode. Dike fire-control water for later disposal; do not scatter the material. For massive fire, use unmanned hose holders or monitor nozzles; if this is impossible, withdraw from area and let fire burn.

EXTINGUISHING MEDIA: Carbon Dioxide, Dry Chemical, Foam, Water Fog

## 6. Accidental Release Measures

**ENVIRONMENTAL MEASURES:** Do not allow to enter drains, sewers, or sewers. Inform the authorities in the event of a leak in natural water courses or in the sewage system.

STEPS TO BE TAKEN IF MATERIAL IS RELEASED OR SPILLED: Keep unauthorized personnel away. Stay upwind, uphill and/or upstream. Water spray can reduce vapours, but may not prevent ignition in enclosed spaces. Ventilate closed spaces before entering. All equipment used when handling the product must be grounded. Use clean, non-sparking tools to collect absorbed material. Do not touch or walk through spilled material. Stop leak if you can do it without risk. Prevent entry into waterwatys, sewers, basements or confined areas. Use water spray to reduce vapors or divert vapor cloud drift. Absorb or cover with dry earth, sand or other non-combustible material and trasfer to containers. Dike to prevent entering any sewer or waterway. Transfer liquid to a holding container. ELIMINATE all ignition sources (no smoking, flares, sparks or flames in immediate area).

# 7. Handling and Storage

**HANDLING:** Handle in accordance with good industrial hygiene and safety practice. Keep away from open flames, hot surfaces and sources of ignition. Keep out of reach of children. Take precautionary measures against static discharges. Hazardous residue may remain in emptied container. Do not reuse empty containers without commercial cleaning or reconditioning.

**STORAGE:** Keep in a dry, cool and well-ventilated place. Once used, the container should be closed and keep in a well ventilated area and in vertical position to prevent losses. Keep containers closed when not in use.

# 8. Exposure Controls/Personal Protection

Ingredients with Occupational Exposure Limits
Chemical Name ACGIH TL

ACGIH TLV-TWA ACGIH-TLV STEL

**OSHA PEL-TWA** 

**OSHA PEL-CEILING** 

N.E. N.E. N.E. N.E. 2-diethyl amino ethanol 1-butoxy-2-propano N.E. N.E. N.E. N.E.

Further Advice: MEL = Maximum Exposure Limit OES = Occupational Exposure Standard SUP = Supplier's Recommendation Sk = Skin Sensitizer N.E. = Not Established

#### **Personal Protection**

RESPIRATORY PROTECTION: In case of insufficient ventilation, wear suitable respiratory equipment.

SKIN PROTECTION: Gloves should be inspectet before use. Use the correct technique to remove the gloves (without touching the exterior surface) to prevent skin contact with the product. Wear rubber gloves.

EYE PROTECTION: Safety glasses with side-shields to prevent possible splashing of the product.

OTHER PROTECTIVE EQUIPMENT: When required, according to the concentration of the product, wear chemical protective clothing with limited thermal protection.

HYGIENIC PRACTICES: Wash hands and face before breaks and immediately after handling the product. Contaminated clothing should be changed and washed before reuse. Eating, drinking and smoking in immediate work area should be prohibited.

water:

# 9. Physical and Chemical Properties

Appearance: **Physical State:** Liquid Liquid

Odor: Odor Threshold, ppb: Characteristic No Information Density, g/ml: 1.418 pH: No Information Freeze Point, °C: Viscosity, cP: No Information No Information Solubility in Water: Partition Coefficient, n-octanol/ Sí No Information

Decomposition temperature, °C No Information

Boiling Range, °C: 0 - 0 Explosive Limits, %: 0.0 - 12.7

Combustibility: Flash Point. °C: Sin Información

Auto-Ignition Temperature, °C **Evaporation Rate:** No Information No Information Vapor Pressure, mmHg: Vapor Density: No Information No Information

(See "Other information" Section for abbreviation legend)

# 10. Stability and Reactivity

STABILITY: Stable under recommended storage conditions.

CONDITIONS TO AVOID: Keep away from sources of ignition: heat, flame and sparks.

INCOMPATIBILITY: Oxidizing agents, strong acids and strong bases. Keep away from strong oxidizing agents, heat and open

HAZARDOUS DECOMPOSITION PRODUCTS: Thermal decomposition can lead to release of irritating gases and vapors.

# 11. Toxicological Information

Practical Experiences

## INFORMATION ON TOXICOLOGICAL EFFECTS

Acute Toxicity: No Information

Skin corrosion/irritation: No Information

**Serious eye damage/eye irritation:** May cause moderate eye irritation. May cause moderate corneal injury. Vapor may cause eye irritation experienced as mild discomfort and redness. Vapor may cause lacrimation (tears).

Respiratory or skin sensitisation: No Information

Germ cell mutagenicity: No Information

Carcinogenicity: No Information

Reproductive toxicity: No Information

Specific target organ toxicity - single exposure: No Information

Specific target organ toxicity - repeated exposure: No Information

Aspiration hazard: No Information

### **Acute Toxicity Values**

The acute effects of this product have not been tested. Data on individual components are tabulated below

 CAS-No.

## Text for GHS Hazard Statements shown in Section 3 describing each ingredient:

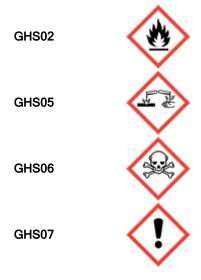

H302 Harmful if swallowed.

H314 Causes severe skin burns and eye damage.

H315 Causes skin irritation. H319 Causes serious eye irritation.

H331 Toxic if inhaled.

Legend: N.A. - Not Applicable, N.E. - Not Established, N.D. - Not Determined

The information contained in this safety sheet has been prepared for SUR QUIMICA S.A. based on the data provided by suppliers and manufacturers of the raw materials involved. This document is intended to be a guide for safe use according to use. The user receiving this information must be properly trained and be able to use his independent judgment to determine its applicability in particular uses. This safety data sheet (SDS) does not in any way exempt the user from knowing and complying with the good practices and rules of use applicable to their activity. The user must assume full responsibility to know and take precautions related to the use of the product. The exposure scenario is subject to revision and changes. The user must ensure that they have the latest version of the FDS. The updated versions are available on the website <a href="https://www.gruposur.com">www.gruposur.com</a>
