

TECHNICAL INFORMATION

KLEAR PULIDOR Y RESTAURADOR DE METALES

529-35035-370

DESCRIPTION

Klear Pulidor y Restaurador de Metales is a metal polisher and restorative designed to polish and beautify new metals or old parts that require restoration. A small amount of product gets an excellent outcome.

USE

Ready-to-use product. Use to polish and shine metals such as diamond tips, nickel-plated pieces, bronze, gold, silver, copper and aluminum. This product is applied manually or with a polisher.

Line Domestic Line, Industrial/Professional Line

PROPERTIES

PHYSICAL PROPERTIES	DATA
Appearance:	Paste
Aroma	Strawberry
Mixture Color	Pink
Density	1.28 – 1.33 g/ml

CONTAINERS

AVAILABLE CONTAINERS

Plastic container of 8 Fl. Oz.

PRODUCT APPLICATION

Application instructions

Apply directly to the surface or on a microfiber cloth.

For a better product performance, the surface must be clean and free of residue.

FOR POLISHING: Put a small amount of product on the surface.

Polish small areas at a time, by hand or using a 1000 – 1200 rpm buffer, with a clean white hair pad in good condition, applying gentle pressure to avoid heating. On vehicles, be careful with the edges of adjacent parts and nickel-plated parts.
