

TECHNICAL INFORMATION

DETERGENTE LAVAVAJILLAS LÍQUIDO – USO EN MÁQUINA

Dishwasher Detergent

539-33460-600

DESCRIPTION

This is a liquid dishwasher detergent for machine use. It's highly concentrated, special to remove food residues, proteins, grease or oils from tableware or cutlery. Its formula optimized for use in dishwasher is an optimal blend of non-ionic surfactants, detergents and descalers, which allow for proper removal of dirt from tableware.

USE:

It can be used on both home appliances and industrial machinery. It's specialized for dishwashing appliances, eliminating any food deposits. Product ready to use. For dosing, follow the instructions of each dishwasher. For more details, please refer to "Product Application" section.

PROPERTIES

SPECIAL PROPERTIES

Low foam.

Rapid removal of stick proteins, fats, or oil residues.

Easy application and removal.

Leaves no residue on dishes.

Highly effective at low concentrations.
