## DETERGENTE LAUNDRY DETERGENT

539-33700-900

### DESCRIPTION

Liquid laundry detergent designed for industrial use. It produces excellent cleaning results in each wash cycle, maintains garment tonality for much longer thanks to its enhanced fiber protection qualities. Its components help to keep fabric colors, avoiding cross dyeing generated by detachment of the pigments.

### USE

Specially formulated for industrial or institutional washing processes, it achieves greater cleaning and protects tissues due to its efficient action. Add 2 to 5 ml of product per kilogram of garment to be washed in the wash cycle, depending on how dirt the garments are. Do not apply directly on fabric. For more details, see the section "Application Instructions"

### CHARACTERISTICS

#### SPECIAL PROPERTIES

Easy removal of dirt from the garments.

Contains additives that promotes the release of dirt.

Biodegradable.

Helps to maintain and enhance the garments tones and avoid cross-dyeing between them.

Low foam product, reducing the amount of water needed for washing.

Its components help to prevent further stain adhesion

#### PHYSICAL PROPERTY

#### DATA

Appearance	Viscous liquid
Brookfield Viscosity RFV (cPs)	350.0 – 650.0 (cPs)
pH	10.0 – 10.5
Typical density (g/ml)	1.04 -
1.08
