## KAPTO DESARROLLO DE CERDOS PELETIZADO

Pellet Feed Mix For Pigs

556-53330-250

### DESCRIPTION

"Kapto Desarrollo de Cerdos Peletizado" is a pelletized feed designed with the highest standards of quality and latest animal feed technology. Formulated with an adequate nutritional balance for a correct development and wellbeing of farm animals.

### USE

Kapto Desarrollo de Cerdos Paletizado meets the nutritional requirements of pigs in their development stage (approximately from 30kg to 60kg of live weight). It should be supplied to pig to eat as they like, having always enough fresh water for maximum development. For a properly balanced diet of your animals, consult our technical department or your zootechnical professional.
